Ephiphany's impressive EPDs, selling a strong group of heifers carrying his exciting service!

Our 2018 offering to include: Donor Cows, Show Heifer Prospects, Spring Heifer Calves, Fall Yearling Heifers, Spring Bred Heifers, Young Bred Cows and Frozen Genetics. Progeny of Webb Reform also sell.

The fall offering of females from the heart of our herd is shaping up to be the most exciting to date. We have been striving to raise the most elite, breed-leading Red Angus cattle that can be found anywhere; a practical, profitable kind with figures to back them up. VF is holding nothing back, offering the very best heifer calves that hit the ground this spring, as well as the most elite bred heifers we kept back for replacements. If you are looking to expand your herd at home, we've also assembled as good of a set of commercial bred heifers that you will find anywhere. Everyone is welcome to the ranch in the coming months to walk through the cow herd and view the sale offering. **Make plans to attend today!**
